## SERICA® THERMO FOIL & LAMINATED PANELS

We are pleased to introduce a new product to Western Canada, seven new colors of Serica® Matte Thermo Foil with a complete program of matching 19mm panels and edge banding, in coordination with [Formations Inc.](#)

These matte finishes offer the silky touch of a lacquered door, but durability far in advance of any other matte thermo foil on the market. These foils offer the following attributes to the thermo door:

### SERICA®

- *Anti-scratch technology*
- *Thermal Healing nano-technology (micro scratch repairable)*
- *Ultra-matte surface*
- *Anti-fingerprint*
  
- Serica® True White
- Serica® Light Grey
- Serica® Dust Grey
- Serica® Charcoal
- Serica® Black
- Serica® Kashmere
- Serica® Marine Blue

Please contact Cabinet Doors and More for more details on these seven new colors. Stock will be available early July 2020

*Serica® is a registered trademark of Alfatherm*
